Mission: Music

Rules and Instructions

Your mission is to travel to the world, stopping at each city on your map to complete a musical task. You will earn money to invest in super stuff at our end of school party in May as well as have fun along the way.

Here are the rules:

- You will start out with \$400 and can enter for free into any continent you wish.
- You have **two months** to complete the musical tasks in cities on that continent. If you take longer than two months your passport will be marked VOID and you will have to pay \$100 to re-enter the continent and start over.
- When you have completed a continent you can choose which continent you which to enter next and pay the \$100 entry fee.
- You earn money by attending lessons. See below for specific amounts.
- Save your extra money to spend at our auction in May!
